

Counterfeiters and Detectives.

A Washington correspondent says: With the influx of so much genuine coin, there has been considerable of the spurious metal or "queen", as it is called in the language of the "profession", put upon the market. A gang of counterfeiters had just been discovered, but owing to the bungling manner in which the case was worked up, the heart and mainspring of the conspiracy has as usual managed to get off unhurt.

For some months past counterfeit silver has been passing rather freely in our "bun ton" market, and suspicion finally rested upon an Italian fruit vendor, whose regular "mellow-eyed" visitors always seemed flush with the silver dollars. Chief of the government detective service, Brooks, and our local detective corps, put their heads together and one day this week arrested our Italian friend and his four visitors before the latter had time to get out of the wagon in which they had come from their quiet home four miles out in the country to market. Their stock in trade consisted of very much coin bearing the stamp of '75 and '76, and the imitation was so perfect as to indicate that skilled workmen had a hand in the coinage. The quiet retreat in the country was visited, but no dies nor facilities for making the money were found, nor any more of the coin. The detectives are chagrined at not finding the outfit, and now say that so much of the coin was being circulated that they were obliged to make the arrests to prevent further impositions upon the public.

There is something wrong about this whole detective system, and if it must at all exist, the very best experts to be had and no others should be employed.

The Pacific Wheat Crop.

Estimates have been made from time to time of the quantity of wheat in California this year available for export to Europe. These estimates have ranged all the way from 600,000 to 1,300,000 short tons, including the wheat carried over last year. The Produce Exchange in order to settle the matter, determined to have an official stock taken, something that has never before been done at this time of the year. The result is as follows: Required for consumption and seed, 200,000 tons; exports to China and Central American countries, 70,000; to carry over to next year, 40,000. This would leave, including Oregon wheat received up to October 10, 305,000 short tons available for exports to Europe.

The amount of surplus wheat in Oregon and Washington Territory on the first of October was 470,000 tons. Of this there were 140,000 tons in western Oregon and 330,000 tons in eastern Oregon and Washington Territory. These figures are only estimated, but the result so far shows them to be conservative. The Oregon Railway and Navigation Company brought to Portland from eastern Oregon and Washington Territory between July 1 and September 30, 74,000 tons. The receipts this month so far have been 30,000 tons and will reach 40,000 tons for the month. The railway people are firm in the belief that they will bring down 400,000 before the first of next July. Should these figures be verified, the surplus for the entire northwest coast will be 840,000 tons.

New Hampshire Fire Insurance.

[From the Boston Record.] If there is money in fire insurance in New Hampshire under the new law, home capital and enterprise are going to get it. Two mutual companies, organized since the law went into operation, are in full swing, two stock companies begin to write policies next month, and others of both sorts are organizing through the State.

In case the new law is found to work comfortably, the haste with which the foreign companies withdrew will not be so much of a rebuke to the legislature as it was intended. And the dreadful thought arises that the law may actually be imitated in other States!

Menhaden Fishery.

The Nautical Gazette says: "The demand for menhaden as a fertilizer is greatly on the decline, owing to the large amount of ammoniacs manufactured, and the great competition in that industry. This will bear hardly on the menhaden fishery business, and if the decline continues in the ratio indicated by our figures, it will eventually die out, or be brought to the unremunerative point. The number of factories engaged in manufacturing fish fertilizers last year was 52, against 97 in 1882, and 78 in 1883, and the capital invested in the business has shrunk from nearly three millions in 1882, to one-half that amount in 1884.

Contrasts in Houses.

The houses of two noted Senators at Washington are thus described: In striking contrast with the magnificent house of Senator Palmer, with its kitchen on top and all the other latest improvements in architectural planning, stands the house of Senator Edmunds, with a bay window made of sheet copper and plate glass, and an entrance like that to a mill. The house is altogether a curious looking structure and will attract the attention because it is believed to have a style of architecture peculiar to itself. The senator is a profound expounder of constitutional law, but is no architect. It shows the hodge podge that even a wise man will make when he is foolish enough to meddle with things he knows nothing about.

A New York bootblack pays \$650 a year for the exclusive privilege of having his assistants go upon the floor of the Produce Exchange to polish the boots of the brokers.

Dyspepsia in its worst forms will yield to the use of Carter's Little Nerve Pills aided by Carter's Little Liver Pills. They not only relieve present distress but strengthen the stomach and digestive apparatus.

Guardian's Sale

BY AUTHORITY of a decree of the Court of Probate of the City of Newport in Rhode Island, in and for the County of Providence, in the matter of the estate of Mary C. Gray, late of said City of Newport, deceased, I, the undersigned, do hereby give notice that the said estate is to be sold at Public Auction, on Tuesday, the 12th day of November, 1885, at 12 o'clock noon, on the premises hereinafter described. All the right, title and interest of said Mary in and to the certain tract of land situate in said Newport and bounded easterly on Spring Street, southerly partly on South Baptist Street and partly on land of M. Jackson, westerly partly on the Ferry Road and easterly on land of Samuel Openshaw and partly on land of Susan A. Logan, Northerly partly on land of said Logan and partly on a crossing Southway on Lincoln Street, together with all the buildings thereon; and also all the same time and the interest of said Mary in a burial lot in the City Cemetery, bounded by the lot of Thomas Hurlingham, Guardian, 10-24

EXECUTOR'S SALE.

BY A DECREE of the Honorable Court of Probate of the City of Jamestown, passed on the 19th day of October 1885, there will be sold at Public Auction on the 31st day of November, 1885, and on the premises hereinafter named situate in said Jamestown. All the right, title and interest which Isaac Carr, late of said Jamestown, deceased, at the time of his death had in and to the following described lots or parcels of land with their appurtenances and privileges, to-wit:

1. A rectangular lot measuring fifty feet from East to West and one hundred feet from North to South, crossing Southway on Lincoln Street, so called, and being lot of the tract of land formerly of John Howland and belonging to said Isaac Carr, and being a part of said John Howland made by Samuel Hurlingham.
2. One other lot of land and the buildings thereon containing ten thousand square feet of land, bounded Northerly on land of William H. Knowles one hundred feet, Easterly on land of said Knowles one hundred feet, Southerly on land of M. Jackson, westerly on land of William H. Knowles, being same measurement more or less or however otherwise bounded.
3. Sale to commence of the above lots in the order named at one o'clock P. M. on the said day and continued until 3 o'clock P. M. on the said day.

Conditions of sale at and on place. By order of

ELIAS ANTHONY,
Jamestown, October 21st 1885.

NEWPORT COUNTY NEWS.

MIDDLETOWN.

Mr. A. A. Brown has had two children down with the measles, but they are now reported as doing well.

Mr. Charles Peckham has had two cases of chicken pox at his home, but both are on the mend.

Mr. Daniel Carter, on Wapping Road, has two of the largest pigs on the Island. They are less than a year old and said to weigh over eight hundred weight.

It is hoped that the Base Ball Club of this town will discontinue their Sunday games. The office of the Trial Justice is always open for business, and of late this business has been quite slack.

The "Horse Hotel" at Ogden Farm is fast filling up with boarders. There is hardly a day but the guests are soon pouring in about the grounds. There is the large number of five turn-outs at this place. Miss Host Carr is always ready to receive visitors and takes great pleasure in showing them around.

Sprague and wagon made a visit to this town on Sunday. His opening discourse was not well appreciated by the Sunday School scholars at Four Corners. After being treated to apples, he left for other fields.

The necktie and upon social advertised for Wednesday evening the 21st inst., was on that evening postponed until Thursday evening. The attendance was very large and the receipts quite satisfactory. It proved not only an evening of pleasing benefit, but of much pleasure to them who invested in the tie and apron. After the matches were made complete, all sat down to one of brother Slocum's fine oyster suppers, and from that to Frasier's ice cream table and then to a promenade about the room Festivities kept up to a late hour when all adjourned much pleased at the social gathering.

Mrs. Livsey widow of Rev. William Livsey, family pastor at the M. E. church has been visiting for a few days with brother James Smith.

Mr. Wm. Anthony has been employed by Edwin Booth, Esq., to have charge of his fine estate on Indian avenue.

The different places of worship were only fairly attended on Sunday. The singing being good, many seemed inclined that way.

Quite a number of new tenants have made their appearance among our youth. The girls say it looks like business.

Mr. Eugene Peckham, formerly a resident of this town, but now of Fall River, paid a visit to his parents a few days ago. He arrived unexpectedly from the city of mills, bringing a new wife with him. Mr. Peckham is in the mason business in Fall River, and while there only a few weeks has purchased a lot and is having a fine residence built for himself. We were all pleased to see our neighbor and wish him stores of happiness.

The social at Oakland Hall last evening was well attended by the young people of our town and vicinity. This is the second social given by the club, and, like the former one, was a success. The band from the ship New Hampshire furnished the music.

Mr. James T. Peckham has just finished a successful season with his threshing machine, and has stored the same for the winter; although steam threshers have made their appearance in the town, yet Mr. Peckham has had an increase in his business over last year.

"Still looking for 'red ears' through the town. The bushers are numerous, and many joyful gatherings may be seen any day around the corn pile.

PORTSMOUTH.

In MEMORIAM.—The church of St. Mary's church has been much improved by the putting in a new window on the south side, as a memorial for the Rev. Holbert Williams, A. M. The figure is St. John, with the inscription, "The disciple whom Jesus loved."

TRUITS.—Mr. Alanson Peckham lost a horse a few days since, from lockjaw. There seemed to be no chance for recovery, and it was deemed best to shoot him, thereby ending his suffering.

The fine October weather has been all that could be desired for harvesting, and the farmers have made the most of it.

Thursday afternoon and night we had a fine rain that was much appreciated, especially by those who have been obliged to cart water.

The "Fair" at the Christian church, was well attended on Wednesday, and the receipts were favorable, but Thursday's storm was very unfavorable.

The second social given at Oakland Hall on Tuesday evening by the "Happy Hour Club," proved a success. Music by the New Hampshire band, and was considered fine.

TIVERTON.

The Young People's Mission Circle of the Congregational Church met with Mrs. H. T. Arnold at the parsonage on Saturday afternoon and organized. The following named officers were chosen for the year: President, Miss Mary C. Gray; Vice President, Miss Lizzie M. Borden; Secretary, Miss Lillian M. Borden; Treasurer, Miss Josephine Borden; Directors, Mrs. Joseph Humphrey, Mrs. A. E. Borden, Mrs. C. A. Potter, Mrs. James A. Mansfield, Miss Ruthie Durfee, Miss King and Miss Gene Cook. The object of the society is to save for the home missionary.

W. C. T. U.—The branch of the Woman's Christian Temperance Union at the north end of the town held a social last Saturday evening in Garfield Hall. The entertainment consisted of recitations, dialogues and singing. The hall was crowded, and everything saleable was disposed of. There is a decided interest manifested in the Union. Meetings are held Monday evening of each week.

BUILDING NOTES.—Mr. James Sharpley has completed his new house near the Primitive Methodist Church.

Robert Shaw is building a cottage at the "North End."

John Briggs is building a cottage for Thomas Haworth just over the line.

The Baptist Temple Chapel is far completed that the Sunday School will be held there November 8th. The building has been placed upon a desirable site, tastefully remodelled, painted and added to the attractiveness of the north end of the town.

Mr. Roger Squire's new house is nearly complete.

In GENERAL.—Mrs. James Mansfield has returned from her trip to New Hampshire, after an absence of several weeks.

The Rev. Mr. Corliss of Wells, Me., has been called to the pastorate of the Baptist Church, Adamsville.

Mrs. L. A. Colt arrived in town on Saturday morning, having made an extended trip of a year's time through the Western States and Territories.

The Band of Hope will meet in Garfield Hall on Saturday evening, November 7th.

White frost covered the meadows on Monday morning.

GENERAL ITEMS.—Captain George F. Nickerson took a party of gentlemen out on fishing in schooner Dragonetto on Wednesday.

A large green turtle, weighing 100 pounds, is exhibited in Davis & Fish's meat market, in Fall River, caught by a Tiverton man, Mr. Isaac Brown.

Mr. Perry G. Lawton is building a sidewalk, at his own expense, from his dwelling house to the line that goes up to the old Robinson place, which belongs to Mr. Lawton.

Mr. Charles A. Hambley, Superintendent of the Central Baptist Sunday school, was appointed a committee to purchase new singing books for the Sunday school, and has ordered one hundred copies of "The Glean of Glean."

New England Items.

RHODE ISLAND.

James D. Caswell, Esq., of Narragansett Pier, who is visiting friends in Cadillac, Mich., has had good luck in deer hunting, killing eleven, including a king of the forest, weighing nearly three hundred pounds.

The addition to the Casino at Narragansett Pier has been raised and the roof boarded in, and the stone work on the towers is well advanced. The masons are not by any means idle.

Alphonso Congdon is finishing the interior work of the stone house erected by Mr. Hazard, of New York, on the "Old Castle" grounds, and which is a part of the Castle at Narragansett Pier.

Edward F. Read, the chief clerk of the Providence and Stonington Steamship Company, who disappeared Wednesday morning, Oct. 14th, with \$2000 of the funds of the company, was brought back yesterday in the custody of Detective Parker, with nearly the entire amount of money taken. Read obtained the money from two sources. It has been the custom every week for Mr. Williams, the agent of the company to fill out a check for \$800, payable to Read, to be used in paying the help. On the 10th of October such a check was drawn, as usual, for \$800 upon the Blackstone Canal National Bank. Read, by adding the syllable "teen" to the "six," and phoning it before the cashier, got it to \$1000, which left him a balance of \$1000 after settling with the bank. The next morning he took the 6:10 train for Boston from Pawtucket, where he resided, went directly to Concord, with the \$2000. From his non-appearance at the office on Wednesday morning, the 14th instant, he was supposed to be ill, and Mr. Williams was summoned from Boston by telegraph, and the shortages discovered. The matter was placed immediately in the hands of the police, and Chief Child detailed Detective Parker to investigate it.

NEW HAMPSHIRE.

The removal of telephones at Concord, N. H., continues as fast as the number of the instruments. The number thus far taken out being 124. This leaves 103 still in use, and the loss of 25 of these are signs of the remembrance. Of the remaining 78 probably 39 will be ordered out on the first of November, leaving less than 50 controlled by this exchange. It is hardly probable that the exchange will be run for so small a number of patrons, and unless some one can make the exchange it will not be surprising if it is permanently closed. The decline of the telephone in Concord is even more sudden than its rise. The exchange was first opened there in May 1880, at which time there were but 18 instruments in use. It grew very rapidly in favor until a total of 227 instruments was reached, and the prospects were good for a still further increase at the time of the advance of rentals, and consequent trouble.

MASSACHUSETTS.

The New England Telephone League of Boston is endeavoring to have the representative and senatorial conventions adopt a resolution urging the general court to fix by law the rates which telephones shall be allowed to charge within this state.

MAINE.

The Hon. Increase Sumner Kimball of Sanford, Me., father of Superintendent Kimball of the life saving bureau, the Nestor of the York County bar, 84 years of age, is rapidly falling in health, with no hope of recovery.

James U. Childs of Framingham, recently appointed Consul at Guaymas, Canada, was a good soldier in the Union army. He was confined in Libby Prison on several occasions and finally obtained his liberty by the underground method.

Frank W. Roberts of Biddeford, recently appointed Consul at Conakoo, Canada, did his best two years ago because the defeat of the Democratic ticket at the municipal election. It was through his efforts that an independent ticket was nominated.

Prof. N. C. Brackett, editor of the Phillips Photograph, has returned to Harper's Ferry, W. Va., to resume his former labors as President of Storer College.

Some time ago Mr. James Parker of Deering, assignee of John T. Hull, brought suit against the Democratic State Executive Committee for money claimed to be due. At the September term Captain Chase, Chairman S. S. Brown and Mr. Cromwell failed to put in an answer and were defaulted, but Mr. Straw appeared by counsel, and his case was continued until the October term. The case was called up last week, and Straw was also defaulted, his counsel not appearing.

The labor problem will be discussed in the Centennial during the coming year by several writers of prominence. The first article in the series is by the Rev. Dr. Lyman Abbott. It will appear in the November number, with a full-page engraving of a picture by a young American artist, Robert Koehler, called "The Socialist." This picture will be remembered as attracting attention in the last annual exhibition of the National Academy.

It is said that the mail in Colorado arrives on time when the carriers are chased by Indians.

For a sharp paper and one full of good points, nothing beats a paper of jins, unless it is one of needles.

Medford, Mass., June 26th.

Avery Lucette Co.—I advise all dyspeptic patients to use LACTANT (dactin) as a beverage in preference to all other drinks.

PAUL MARTIN, M. D.

Young mother: "What do children say when they get angry?" Infant recipient of confessions: "More."

Parrot blood is absolutely necessary in order to keep the system in health. Jones' Parrot Blood purifies the blood and strengthens the system.

"Debi" remarks Josh Billings, "is a trap which is set for the man who is not himself, and then deliberately gets into it."

A CURE FOR PIMPLES!

My face for the last few years was covered with pimples so that I used to be ashamed to go anywhere. I took two bottles of Sulphur Bitters and the pimples disappeared. I use them every spring.—C. K. Dow, Fall River.

Building Notes.

Daniel Dillon is building a two-story house, 20 by 40 feet, with bay windows, etc., on Broadway for Owen Smith.

Thos. W. Freeborne has moved his cottage from corner of Broadway and Marlboro avenue to one of his lots on Gibbs avenue. A handsome dwelling is soon to be erected upon the lot thus made vacant for Gideon Smith.

A two-story French-roof cottage is being built on Everett street for Mrs. French.

Charles Bateman has nearly completed a story-and-a-half cottage on Everett street.

Needed repairs are being made to the roof of the Redwood Library.

Martin Gladding is building a story and a half cottage on the corner of Marsh and Third streets for Thomas Gladding.

Full Fall Stock

"Gift Enterprises."

seem to be all the rage in the Soap Business, owing to the idea of some manufacturers of getting something out of nothing. If possible, they get boxes for 5 of some kind, and are offered all sorts of "Nick-Nacks" with others, as an inducement to recommend such soap to their trade.

It is a well-known fact, however, that a genuine article in this day of competition pays no profits. WELCOME SOAP represents a class of goods, and demonstrates the value of quality in manufacture, which is the only guarantee of a pure and legitimate washing quality.

Some people maintain that a high hat does not become old men, but it seems to us that a "stove pipe" ought to suit everybody.

A Sure Sign.

That the people are beginning to win of the absolute value of "Pearl's White Glycine" for beautifying the complexion and the cure of all skin diseases, is the fact of its increasing sale. It is effective and safe and its application delightful.

More cases of sick headache, biliousness, indigestion, &c., can be cured in less time, with less medicine, and for less money, by using Carter's Little Liver Pills, than by any other means.

A parrot is said to live to be 300 years old. A barber does not live so long, but he talks more.

Relief from Sick Headache, Drowsiness, Stomach Distress, Pain in the Side, &c., guaranteed to those using Carter's Little Liver Pills. These complaints are nearly always caused by torpid liver and constipated bowels. Restore these organs to their proper functions and the trouble ceases. Carter's Little Liver Pills will do this every time. One pill is a dose. Forty in a box. Price 25 cents.

KNOW YOURSELF.

By reading the "Science of Life," the best medical work ever published, for young and middle-aged men.

An Iowa man has named his two daughters Time and Tide, so they will wait for no man.

O'Gorman & Sweeney.

Office of Probate Court, Middletown, R. I., Oct. 24, A. D. 1885.

WILLIAM B. CHASE, JUNIOR, has this day filed in this Office an instrument in writing, under date of March 3, A. D. 1884, purporting to be the last will and testament of his father,

WILLIAM B. CHASE, late of said Middletown, deceased, with an accompanying petition in writing addressed to the Court of Probate of said Middletown, praying that said instrument in writing may be proved, approved, allowed and recorded as the last will and testament of said William B. Chase, and that letters testamentary on his estate may be granted to his widow, Cynthia Chase, and to his two sons, Peter G. Chase and William B. Chase, Junior, as Executors of said will and named therein as such.

And said petitioner has applied to me to give notice of the filing and pendency of his said petition according to law.

Notice is hereby given that said petition will be considered and acted upon, at a Court of Probate, to be held at the Town Hall in said Middletown, on Monday, the sixteenth day of November, A. D. 1885, at one o'clock P. M.

ALFRED L. CHASE, Probate Clerk.

Court of Probate, City of Newport, October 26, 1885.

THREE COMMISSIONERS heretofore appointed on the estate of

MARY A. HEATH, late of said Newport, deceased, represented in solvent, present the report of said estate. It is ordered that the consideration of said report be referred to Monday, the 10th day of November, 1885, at 10 o'clock A. M. at the Probate Office, in the City Hall, Newport, and that notice thereof be given to all persons interested by advertisement in the Newport Mercury once a week at least for fourteen days.

ALEX. N. BARKER, Probate Clerk.

Court of Probate, City of Newport, October 26, 1885.

BARNARD W. HARRIS, Administrator on the estate of
